

Internship

Corporate Structured Finance (m/w/d)

UniCredit Bank Austria is the leading bank in Austria and is part of the **UniCredit network**. We are a modern universal bank and offer services and products for private customers, small and medium-sized enterprises, private banking customers, large corporations and the public sector. And we consistently invest in the qualifications and motivation of our employees.

We value the balance between the office and what's outside of it. At UniCredit, behind each colleague is a person who is empowered to embrace their passions and accomplish their goals, both inside and outside the office. At UniCredit, behind each colleague is a person who is empowered to embrace their passions and accomplish their goals, both inside and outside the office. You can be part of the horizon we build together, all in an international group where diversity is considered a resource. A chance to fulfil your ambition, to make a difference. To do what matters.

Corporate Structured Finance is responsible for structuring, arranging and executing highly sophisticated financing transactions for the top Austrian and European corporates often involving a large number of financial institutions. By advising clients on their capital structure, we create additional value for potential M&A or refinancing considerations, thereby positioning UniCredit as a leading European investment bank.
