

Call for Papers

The organizing committee Prof. Dr. T. Gehrig (Univ. Wien), Dr. T. Pausch (Deutsche Bundesbank) and Prof. Dr. P. Welzel (Univ. Augsburg) invite young academics (Ph.D. students and postdocs) dealing with theoretical or theoretically-founded empirical research on banks and financial markets to submit a paper or a project outline for presentation at the

6th Workshop Banks and Financial Markets

taking place **October 20th -21th 2016** at the University of Vienna's Faculty of Business, Economics and Statistics. Papers that examine competition between financial intermediaries, the risk taking of individual banks, the stability of the financial sector and its regulation are of particular interest.

The workshop aims at linking young economists interested in related topics. It provides a platform to exchange ideas and discuss recent contributions. Presentations, assigned comments and general discussions create an inspiring setting.

Submissions should be sent electronically to Maria Chiara Iannino (maria.chiara.iannino@univie.ac.at) until Monday, **August 31st 2016**. Notifications of paper acceptances or rejections will be made by mid of September.

Under the code "Banken und Finanzmärkte" you have access to a contingent of rooms at
